CREATED IOT DEVICE CONFIGURATION IN IBM IOT WATSON:

CREATING NODE-RED SERVICE:

CREATING A DATABASE IN CLOUDANT DB:

The screenshot displays the Cloudant Databases dashboard in a web browser. The browser's address bar shows the URL: `https://d6bbcad3-f036-479d-9a1a-c9668c89fa11-bluemix.cloudant.com/dashboard.html`. The dashboard has a dark blue sidebar on the left with various icons, including a 'Log Out' button at the bottom. The main content area is titled 'Databases' and features a 'Create Database' button and a 'JSON' icon. Below this, a table lists the existing databases:

Name	Size	# of Docs	Partitioned	Actions
medicine	52.1 KB	287	No	  
nodered	28.8 KB	4	No	  
sample	18 bytes	1	No	  

At the bottom right of the dashboard, it indicates 'Showing 1-3 of 3 databases.' and 'Databases per page' with a dropdown menu set to '20'. A pagination control shows '1' as the current page.
